# REDEAL

Affordable, Sustainable Shopping and Inventory Management

Stanford Treehacks 2023 - Peter, Eric, Matthew, Maria

# The Challenge

Every year:

- $163 billion of inventory is thrown away
- $74 billion of food is wasted

The beauty, food service, and grocery industries are particularly affected due to the short shelf life of their products.

Stanford Treehacks 2023 - Peter, Eric, Matthew, Maria

# Our Solution

## Businesses Offload Inventory

Instead of the landfill, surplus inventory is sold!

## Consumers Save Money

Surplus inventory and excess food at a significant discount!

## Sustainable Alternative

Less waste = less greenhouse gas emissions!

## Convenience

Purchase on the app → pickup at the store!
